# Certificate of RoHS Compliance

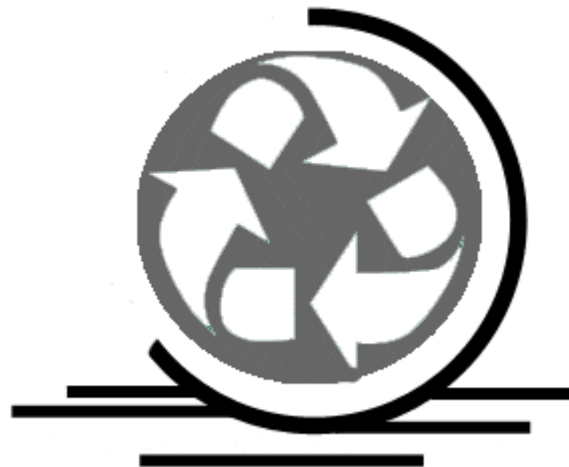

Our supplier of Mylar<sup>®</sup> has certified that the material does not contain lead (Pb), mercury (Hg), cadmium (Cd), hexavalent chromium (CrVI), polybrominated biphenyls (PBB) or polybrominated diphenyl ethers (PBDE) as stated in the RoHS Directive 2002/95/EC. Therefore, Mylar<sup>®</sup> is RoHS Compliant. Our supplier's Certificate of Compliance is on file at American Micro Industries, Inc.

We at American Micro Industries, Inc. do not possess the capability to test or verify the reliability of our Supplier's materials. We do certify that we do not knowingly utilize any of the restricted substances of the RoHS Directive in our internal processing of our RoHS designated products.
